Polcan has been operating in the Polish market for as long as 30 years. We are a leading supplier of original and alternative consumables of more than 90 brands in the computer and office supplies industry. We translate experience into the quality and performance of our products, and we are the manufacturer of Asarto and Tiom brands that are highly valued by customers.

Our company enjoys the trust of customers and recognition in the industry. We have received numerous accolades and awards, which we have worked hard for, and which confirm the quality of our services.

Our own brands were created from experience and passion

Asarto

Asarto is a brand that emerged from a lot of research and analysis. This allowed us to gain the necessary experience in the most popular and high-performance models of printer inks and toners. Asarto specializes in inkjet and laser cartridges.

Thermal transfer facsimile and dot matrix printer ribbons complement our offer. Professional cleaning products are the newest addition to our offer.

Tiom

Tiom, a brand that was born out of the need to create a reliable product that offers cost-effective solutions for everyday printing while ensuring satisfying quality and reliability.
